RECOMMENDATION

PWWM's Capital Improvements staff completed the review of the subject RPQ in accordance with the applicable provisions of Implementing Order 3-22 and recommends no Community Small Business Enterprise (CSBE) measure, on account of all work related to sidewalk improvements. A Community Workforce Program (CWP) has been recommended since project sites have not been identified. The CSBE recommendations are as follows:

Scope of Work:	Single Trade (Concrete)
Engineer Project Base Cost Estimate:	\$438,388
Measure/Set Aside:	None
CWP:	10% County-wide

BACKGROUND

On August 27, 2014, bids were received for RPQs 20140079 and 20140113 for sidewalk rehabilitation projects solicited through the Miscellaneous (MCC) 7040 Program. For Project 20140079, only two (2) bid responses were received. The lowest bid was 35% over the engineer's estimate and contained possible bid bond defects, with the second lowest bid at 75% over the Engineer's estimate. No bid response was received for project 20140113.

The subject project will provide concrete slab replacement for damaged sidewalks that can no longer be repaired through temporary means. A detailed scope of work is found in the project information sheet. These improvements are necessary in order to provide safe and accessible pathways to the public.

If additional information is needed, you may contact myself at (305) 375-2097, or Bernard Phillippeaux at (305) 375-3547.
