ADDENDUM NO. 1

CLARIFICATION

Port of Miami Permit Solicitation No. 09-1

Pursuant to County Code Section 28A-6.4(a) and (b), applications for issuance of new County stevedoring licenses or Port stevedoring permits are forwarded to the Miami-Dade Police Department for criminal background checks. As these required criminal background checks have only recently been concluded, the Port is now in the process of completing its review of the applications for stevedoring licenses and permits per the requirements of Chapter 28A of the County Code and the previously issued Instructions to Applicants. Due to the anticipated time it will take to complete this process, the Port of Miami advises all applicants of the following:

- A. The term of permits and licenses issued as a result of this year's application process will run from the later of February 1, 2010, or the date of issuance, through January 15, 2011, unless otherwise modified, rescinded or terminated by the Port; and
- B. The existing 2009 Port stevedoring permits and 2009 County stevedoring licenses will be extended until the later of January 31, 2010, or the date 2010 Port stevedoring permits and/or County stevedoring licenses (as applicable) are issued.
